SKILLS

Technical Skills: Responsive Web Design, CSS3, HTML5, MongoDB, Node.js, Git, React, JavaScript

Soft Skills: Adaptability, Teamwork, Time Management, Problem Solving

PROJECTS

Sehat Saathi - A health and wellness Platform | *React, Vite, CSS (or Tailwind/Bootstrap), Git, GitHub, Vercel (for deployment)*

-  Deployed Link : <https://sehat-saathi.vercel.app/>
-  Github Repo : <https://github.com/aman-sah/sehat-saathi>
- Developed a wellness dashboard for delivering personalized diet and nutrition recommendations.
- Implemented user health tracking features using React state management for dynamic data updates.
- Utilized Vite for fast project setup and efficient development workflow.
- Styled the dashboard interface with CSS and ensured responsive design.
- Deployed the application to Vercel and managed version control with Git and GitHub.

Your Space -A Real Estate Website | *React, Vite, CSS (or your styling tool), Git, GitHub, Vercel (for deployment)*

-  Deployed Link : <https://your-space-zeta.vercel.app/>
-  Github Repo : https://github.com/aman-sah/your_space
- Developed a responsive real estate listing website using React and Vite.
- Built reusable components for property cards and interactive image galleries.
- Implemented property filtering to enhance user search experience.
- Collaborated using Git and GitHub for version control and source management.
- Deployed the application to Vercel, ensuring smooth and accessible user access.
